230V 15 W 1200 lm E27

indirect light

Outdoor floor lamp providing direct light. Rotomoulded polyethylene lamp body.

The coloured version of Cyborg Big is made with Geco 30, the best choice for mechanical performance. Geco 30 contains EcoAllene® that is derived from recycled polylaminate.

The company Ecoplastem, using patented techniques, has developed a production system that makes it possible to use waste polylaminate (PO-AL) to create EcoAllene®. This is achieved by recycling and reprocessing items otherwise destined for incineration or landfill such as beverage cartons, oily product packaging, confectionery wrappers, hot drink capsules, etc. LED bulb light source, with cable and plug.

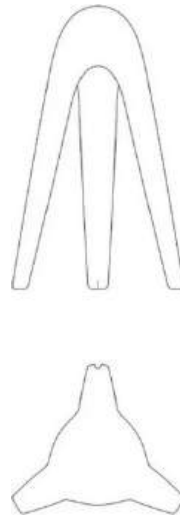

Available in the version with diffused light. Rotomoulded polyethylene lamp body in the colour white.
