230 V 50 Hz

ANGLE
15 - 40°

Series Flask K

WALL MOUNTED

Flask K are spotlights perfect for illuminating paintings, which is owed to their elongated arms and subtle design. Thanks to their high quality and integrated LED light source, the luminaires provide natural light in interiors, while a special lens enables adjusting the lighting angle in the range of 15° to 40°.

Basic, complementary and spot lighting. Flask K will work perfectly at establishments such as clubs, galleries, and hotels, but also as lighting for the office and home.
