

## hush single with panels Hush

design massimo farinatti, 2019

**Example of single configuration** of the products with absorbing modules.

Hush is a system that unites functionality and design. The hanging modules are modular and composed of an aluminum profile for a direct and indirect LED light source, and double sound absorbing side panels covered in fabric of different colors. Dimmable driver, remote or to be fixed inside the ceiling rose. Available as single module or together with other modules through linear joints, corner joints, cross-joints and with wall mounts. Available only extruded aluminum lamp body without sound absorbing panels and only single absorbing panel with hanging cable. Also in the version with wall supports.
